

HURSTBOURNE TARRANT  
COMMUNITY CENTRE

## Audio Visual Facilities

The Community Centre has a comprehensive suite of easy to use audio visual facilities to complement and enhance your use of the centre. Our audio visual facilities are ideal for:

- Weddings, parties and celebrations
- Meetings and conferences
- Film shows, TV streaming
- Plays, readings and musical events

Our equipment includes:

- A public address system for use by up to four speakers or presenters at once
- A music system to play audio from your phone, tablet or CD player
- A hearing loop system, compatible with hearing aids marked 
- A high definition, film quality digital projector system to play DVDs and Blu-ray Disks
- Facilities to connect a PC, Apple Mac or tablet to the digital projector and show videos and presentations with high quality sound
- A full size screen (4m x 2.5m) ideal for film shows and high impact presentations
- A portable screen (1.75m x 1.30m) suitable for smaller meetings
- Broadband internet with Wi-Fi and cable connections in the hall

All the equipment has simple instructions. We can provide help if needed with set-up for your event.

The technical specification of the audio visual equipment is available on request.

Please see the Terms and Conditions sheets for hire information.
